do it and send me a post card.

Dear Ann Landers: What do you think of people who call on the telephone and start the conversation like this: "Well, it's about time. I've been trying to get your line for over an hour." Or—"My but you have a busy telephone. This is the fifth time I've tried to reach you and your line has been tied up."

I always get the uncomfortable feeling that I must tell the caller to whom I have been speaking. When I give out the information I become annoyed with myself. After all, it's really nobody's business and I shouldn't have to make any apologies. My irritation is reflected in the tone of voice I use throughout the conversation and this makes me mad, too.

Please deal with this problem in the column. I am sure others are plagued, too.—A.K.W.

Dear A.K.W.: A busy signal can be frustrating and even maddening after a while. But the mature person copes with the frustration and doesn't get ugly with his friends.

Keep this simple answer by the phone and use when needed: "Yes, I certainly am long-winded. I guess I have no terminal facility... Beyond hope, you might say."

Ann Landers' frank and informative column, "Ann Landers and Sex" (82-85), is now available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

SPAGHETTI BY THE YARD... Stressing the theory that "cooking can be fun for every member of the family," Mrs. Mickey Anderson, today's guest cook, is pictured with her two children, Stephen 5, and Lisa 3, operating their own spaghetti cutter, an imported gift from Mr. Anderson. This homemade spaghetti has won acclaim from the whole family and many friends. (Herald Photo)

Cooking Family Affair At M. Anderson Home

The old fashioned art of cooking can be fun for every member of the family and that's the way it is at the home of Mrs. Mickey P. Anderson, where two children, Steven and Lisa, as well as Mr. Anderson join in the fun.

The family is collecting its own prize recipes, that is those which they try and approve, and are making their own cook book. Foreign foods are especially attractive to this family and they take a "grass roots" attitude toward all these dishes as was proven when Mr. Anderson presented his wife with her own spaghetti machine and cutter, so that all dishes are homemade from the very beginning.

The Andersons have lived in Torrance for nine years coming from Los Angeles. About six months ago they moved into their present home at 2043 W. 238th which

they designed and built. Previously they had lived at 3506 W. 229th St.

Mr. Anderson is a machinist with Wyle Laboratories in El Segundo. Both of the Andersons were graduated from Washington High in Los Angeles and grew up in the same neighborhood. Mrs. Anderson received her nursing degree from the Good Samaritan School of Nursing and works part time. She is now attending El Camino College preparing for a school nursing career.

With cooking as her major hobby, Mrs. Anderson says "don't be afraid to 'try out' something different for family and friends. All good cooking requires that extra bit of work and time but it is well worth it when you see a happy and satisfied family."

Today's guest cook has contributed three of her favorite recipes for foreign dishes.
